

# Marshall Space Flight Center

Integral to NASA's Future - 45 Years Providing America's Space Solutions

### **Our Property**

- Center occupies 1,841 acres of property within the 38,000 acre perimeter of the Redstone Arsenal in Huntsville, Alabama
- Adjacent to Cummings
   Research Park; the University
   of Alabama, Huntsville; and the
   U.S. Space and Rocket Center

#### **Our Staff**

The Center employs about 6,500 people onsite (~2,500 Civil Service and 4,000 contractors)

### **Our Space**

The Center occupies 237
buildings and structures that
occupy 4.5 million square feet
of technical and office space

## Our Impact: Budget of \$2.2B/year

## **MSFC Focus on Shuttle & Station**

## **Space Shuttle – 28 years of flight**

External tank
Main engines
Reusable solid rocket boosters
Reusable solid rocket motors

## **International Space Station 9 years of habitation**

Payload Operations Center – Science management Node 2 (connector module) & Node 3 (life support module)

Multi-Purpose Logistic Modules Environmental Control & Life Support Systems Microgravity Science Glovebox Space Station Materials Science Research Rack

# Center SBS Participation in Acquisition Planning

## Participation:

- ✓ Market research
- Assigning North American Industry Classification System codes for specific acquisitions
  - Making competitive determinations
  - ✓ Establishment of subcontracting percentage goals
